General Information

A building moving permit is required in order to move any building other than a portable building in the City of Conway from one place to another on the same lot, or from one lot to another.

A portable building may be granted a building permit by the City Permits Department if the following conditions are met:

- A. The building is not designated for full-time occupancy and it has no sleeping quarters.
- B. There are no installed electrical wiring, receptacles, or plumbing facilities.
- C. The building is a pre-fabricated design, arriving as a fully assembled structure.
- D. The building is no more than 160 square feet in area and not more than 16 feet in its greatest dimension.

Such a portable building shall be deemed an accessory building and will be subject to all appropriate requirements as set forth in the zoning ordinance.

The Mayor and City Permits Department may grant a 90-day permit to locate a temporary portable building or portable office building within the City of Conway. The provisions for applications do not apply to this 90-day permit, but application must be made directly to the Mayor and City Permits Department for approval and issuance of permit.
