Erosion Control Compliance Certification

(Completion required prior to issuance of development permit)

Name of Applicant: _____

Address of Permit Requested: _____

Type of Permit Requested: _____

I hereby certify that the erosion control other storm water pollution prevention requirements (as required in Ordinance 0-09-13) for this project will be provided on this project in accordance with one (Check One of the Boxes) of the following:

- A Storm water Construction Permit has been obtained from the Arkansas Department of Environmental Quality for this site. A copy of the letter authorizing the permit is attached and the Permit Tracking No. is _____ and the AFIN No. is _____.
- The site is less than 5 acres and the erosion control will be in accordance with the "Automatic Coverage" provision of ADEQ's General Construction Permit. A storm water pollution prevention plan has been prepared and will be maintained onsite. The required storm water pollution prevention measures described in the plan will be implemented and maintained.
- The disturbed area is less than one acre and no pollution prevention plan has been prepared but we are aware of the requirements to implement pollution prevention measures to prevent sediments and pollutants from leaving the construction site as detailed in Section 5 of Ordinance 0-089-13.
- The project is a remodel or interior project such that the ground surface around the project is not disturbed.

By signature below the permit applicant acknowledges that the city may impose penalties, refuse additional building inspections or issue a cease and desist order if the builder fails to implement and maintain appropriate erosion control and storm water pollution prevention measures for the building construction. In addition, the permit applicant understands that the certificate of occupancy will not be issued until the disturbed ground surface of the site has been permanently stabilized with vegetation of other approved methods of stabilization.

Signature of Applicant : _____
